

Press Release

SEIL ENERGY RECEIVES IGBC PLATINUM GREEN BUILDING CERTIFICATION FOR ITS ADMIN BUILDING

Nellore, 11th August 2025: SEIL Energy India Limited, one of the largest independent power producers (IPP) in India, is proud to announce that its Administrative Building (Admin Building) has been awarded the prestigious 'IGBC (Indian Green Building Council) Platinum' Award for Green Building Certification. This achievement is a testament to SEIL Energy's commitment to sustainability and environmental responsibility.

The Company's Admin Building located at Project - 1, achieved an impressive rating of over 80% in the Existing Green Building Rating System, making it the first thermal power plant in India, which has a green building inside its plant premises, to receive this esteemed recognition for 3 years. This milestone underscores SEIL Energy's dedication to reducing its carbon footprint and promoting sustainable practices.

The IGBC Platinum Certification was presented at the Green Andhra Summit 2025, held in Vijayawada. The summit, organized by IGBC in partnership with the Government of Andhra Pradesh and CII (Confederation of Indian Industry) brought together industry leaders, policymakers, and experts to accelerate sustainable development across the state. SEIL Energy's achievement served as a shining example of the possibilities of sustainable practices in the energy sector.

Mr. Janmejaya Mahapatra, CEO - SEIL Energy India Limited said, *"We are thrilled to receive this prestigious recognition, which reflects our commitment to sustainability and environmental stewardship. This achievement would not have been possible without the dedication and hard work of our team. We are proud to be setting an example for the industry and contributing to a greener future."*

SEIL Energy's commitment to sustainability is evident in its efforts to reduce energy consumption, conserve water, and minimize waste. The company's visionary leadership and dedicated team have made sustainability a way of life at its Supercritical Thermal Power Generation Complex, powering progress responsibly.

**About SEIL:**

SEIL Energy India Limited – SEIL – is a leading Independent Power Producer (IPP) committed to contributing towards India's energy security. The company has a successful track record of developing and operating thermal power generation assets in the country. It has a 2.64GW supercritical thermal power generation complex located in SPSR Nellore District, Andhra Pradesh, India.

Led by its strong leadership team, SEIL is a committed and long-term partner in the region's progress. It provides reliable and sustainable power to consumers across the sub-continent. SEIL partners with the government and industry towards supporting India's energy security and developmental goals. With 4X660MW operational units, SEIL is well-positioned to offer best-in-class energy solutions to meet the region's energy needs.
